

March 27, 2020

Dear Stakeholder:

Many Islands Pipe Lines (Canada) Limited (MIPL), a federally regulated and wholly owned subsidiary of SaskEnergy Incorporated, a Saskatchewan Crown Corporation, is providing updated information on the Pierceland Supply Project (previously referred to as Cold Lake Receipt Expansion Project).

MIPL is proposing to build an approximately 30-kilometer natural gas line from the Nova Gas Transmission Limited (NGTL) meter station east of Cherry Grove, AB to receipt points on the TransGas Limited (TransGas) system east of Beacon Hill, SK. Additionally, a new compressor station is proposed to be constructed near the west end of this gas line, within Saskatchewan.

Keeping our stakeholders informed is an important aspect of all of our projects. Accordingly, we wish to advise you that Canada Energy Regulator (CER), previously National Energy Board (NEB), has determined on March 24, 2020 that the application for the Pierceland Supply Project is complete. Please see attached communication from the CER advising MIPL about the assessment process and the CER process schedule.

Construction for the proposed Project is projected to start in Summer 2020 and the project is anticipated to be in-service by Spring 2021.

All application materials to date can be seen at:

- <https://apps.cer-rec.gc.ca/REGDOCS/Item/View/3781663>
- or by going to the CER website at <http://www.cer-rec.gc.ca/> click on “Applications & Filings” under the heading “View Regulatory Documents, enter the Document Number A99944 and click on “Go”

Additional project information, and information on MIPL’s engagement process and land inquiry process can be found at: <https://www.miplcl.com/projects>.

Interested persons that have new or additional comments about the proposed Project, which they wish the CER to consider, must file a written letter of comment with the CER by 30 April 2020.

The CER’s preferred filing method is online through its e-filing tool, which provides step-by-step instructions. If unable to file a document online, it may be filed by email to [Secretary@cer-rec.gc.ca](mailto:Secretary@cer-rec.gc.ca) until further notice due to COVID-19 and limited operational ability. Please copy [tjordan@saskenergy.com](mailto:tjordan@saskenergy.com).

Should you contact the CER, please reference file number File OF-Fac-Gas-M182-2019-02 01, [A99944 Many Islands Pipe Lines \(Canada\) Limited - Pierceland Supply Project](#).

If you have any questions about this proposed MIPL project, please feel free to contact myself at (306)519-8463 or [lthiessen@saskenergy.com](mailto:lthiessen@saskenergy.com).

Sincerely,

Landon Thiessen  
Land Acquisition Agent
